

Assessing water safety among university students Dr Amy Peden

1. What is the research study about?

You are invited to take part in this research study. The research study aims to learn more about the swimming and water safety programs that UNSW offers to students, in particular, international student past participants' experiences of the programs and the impacts of participation.

2. Who is conducting this research?

The study is being carried out by the following researchers: Dr Amy Peden, Professor Robert Brander, Ms Belinda Lawton, Mr Samuel Cornell and Mx Katia Fenton, from the Schools of Population Health and Biological, Earth and Environmental Sciences, UNSW Sydney.

Research Funder: This research is being funded by the UNSW Health Promotion Unit, with support from Medibank International.

3. Inclusion/Exclusion Criteria

Before you decide to participate in this research study, we need to ensure that it is ok for you to take part. The research study is looking recruit people who meet the following criteria:

- -UNSW international students who participated in either the learn to swim and/or Beach Ocean Safe programs in 2023 or 2024
- -Willing to participate in a one-on-one interview about their experiences
- -Are aged 18 years and older

Participants who meet the following criteria will be excluded from the study:

- -UNSW enrolled students who did not take part in the learn to swim or Beach Ocean Safe programs
- -UNSW domestic students who took part in the learn to swim or Beach Ocean Safe programs
- -UNSW international students who took part in the learn to swim and Beach Ocean Safe programs prior
- -Are under the age of 18 years

4. Do I have to take part in this research study?

Participation in this research study is voluntary. If you do not want to take part, you do not have to. If you decide to take part and later change your mind, you are free to withdraw from the study at any stage.

If you decide you want to take part in the research study, you will be asked to:

- Read the information carefully (ask questions if necessary);
- Sign and return the consent form if you decide to participate in the study:
- Retain a copy of this form with you to keep.

5. What does participation in this research require, and are there any risks involved?

If you agree to participate you will be asked to complete the following research procedures.

Interview: An online video interview, and you will be asked questions about yourself, your participation in a swimming or water safety program at UNSW and the impacts of the program on your water safety skills and knowledge, your interaction with the water and more broadly your life at UNSW and in Australia. The interview will take place online via Microsoft Teams and will take

HC Number: iRECS5889 Page 1 of 5

Version dated: 2 April 2024

Assessing water safety among university students
Dr Amy Peden

approximately 60 minutes. With your permission the research team would like to audio record the interview.

Additional Costs and Reimbursement: There are no costs associated with participating in this research project however, you will receive a \$50 gift voucher to reimburse you for your participation.

Psychological Distress: You may feel that some of the questions we ask are stressful or upsetting. If you do not wish to answer a question, you may skip it and go to the next question, or you may stop immediately. If you become upset or distressed as a result of your participation in the research project, the research team will be able to arrange for counselling or other appropriate support. Alternatively, a number of free contactable support services are included at section 9. Any counselling or support will be provided by qualified staff who are not members of the research team. This counselling will be provided free of charge.

6. What will happen to information about me?

By signing the consent form, you consent to the research team collecting and using information about you for the research study.

The research team will store the data collected from you for this research project for:

A minimum of 7 years after the publication of the research findings;

The information about you will be stored in an/a:

- Re-identifiable format where any identifiers such as your name, address, date of birth will be replaced with a unique code.
- Audio or video recordings will be stored on a UNSW password protected OneDrive only
 accessible to the approved research investigators. If required, the recordings will be made
 available to a professional transcription service. Recordings will only be made available after a
 confidentiality agreement has been signed.

The information you provide is personal information for the purposes of the Privacy and Personal Information Protection Act 1998 (NSW). You have the right of access to personal information held about you by the University, the right to request correction and amendment of it, and the right to make a complaint about a breach of the Information Protection Principles as contained in the PPIP Act. Further information on how the University protects personal information is available in the UNSW Privacy Management Plan.

7. How and when will I find out what the results of the research study are?

The research team intend to publish and/ report the results of the research. All Information will be published in a way that will not identify you.

If you would like to receive a copy of the results you can let the research team know by inserting your email or mailing address in the consent form. We will only use these details to send you the results of the research.

8. What if I want to withdraw from the research study?

If you do consent to participate, you may withdraw at any time up to one month after your participation. After that time it will not be possible to withdraw from the research study. To withdraw you can complete

HC Number: iRECS5889 Page 2 of 5

Version dated: 2 April 2024

Assessing water safety among university students Dr Amy Peden

the 'Withdrawal of Consent Form' which is provided at the end of this document or you can ring the research team and tell them you no longer want to participate. Your decision not to participate or to withdraw from the study will not affect your relationship with UNSW Sydney. If you decide to leave the research study, the researchers will not collect additional information from you. You can request that any identifiable information about you be withdrawn from the research project.

9. What if I have a complaint or any concerns about the research study?

If you have a complaint regarding any aspect of the study or the way it is being conducted, please contact the UNSW Human Ethics Coordinator:

Complaints Contact

Position	UNSW Human Research Ethics Coordinator
Telephone	+ 61 2 9385 6222
Email	humanethics@unsw.edu.au
